WISCONSIN TECHNICAL COLLEGE SYSTEM

Truck Driver Training Grants for Technical College Districts

Motion:

Move to create a new \$8 assessment on citations issued to class A, B and C commercial licenses for driver as well as employer violations and deposit to a new, annual PR appropriation with \$616,000 PR in 2002-03 within the Wisconsin Technical College System (WTCS) to provide grants to Chippewa Valley Technical College (CVTC), Fox Valley Technical College (FVTC) and the Waukesha County Technical College (WCTC) for truck driver education. The State Director of WTCS would make a determination 12 months before the WCTC truck driver training center is scheduled to open and notify the Department of Transportation (DOT) to begin applying the assessments on citations 12 months before the scheduled opening date.

Note:

This motion would create a new \$8 assessment on citations issued to class A, B and C commercial licenses for driver as well as employer violations and deposit to a new, annual PR appropriation within WTCS to provide grants to CVTC, FVTC and the WCTC for truck driver education. The State Director of WTCS would need to determine the completion and opening date of the WCTC truck driver training center and notify the DOT to begin applying the assessments on citations 12 months before the scheduled opening date.

According to the DOT, 77,000 citations were issued on all class A, B and C commercial licenses to drivers as well as employers in 2000. Of the citations issued in 2000, 65,900 were issued to employers for such things as weight violations, and 11,100 were issued to drivers for such things as speeding. Assuming the number of citations remains constant, approximately \$616,000 would be available annually as grants for truck driver training programs at CVTC, FVTC and WCTC, and the motion would provide \$616,000 PR in 2002-03 for this purpose.

According to the WTCS Board, the truck driver training program at WCTC has not yet been approved. The earliest the program would begin would be fall, 2002. Therefore, the assessment on citations would not begin until fall, 2001, and funding for truck driver programs would not be available until 2002-03.
